MISSION SERVICES AT ST. MARY'S CHURCH.—At St. Mary's Church, yesterday morning, Rev. H. C. Denny, S. J., opened the mission mentioned in the GAZETTE of Thursday last. He is a man of striking ap-pearance, and though his voice is not good he made himself heard in all parts of the church, and at once riveted the attention of the congregation by his captivating manner and the simplicity and aptness of his illustrations. His sermon was a talk, seemingly addressed to each separate individual, rather than an elaborate discourse. He preached from the 6th chapter St. Matthew, "No man can serve two masters," etc., and the aim of his sermon was to inspire his hearers with the thought that all work not done for

In the evening a very large congregation attended and appeared yet more deeply in-His discourse was short and pithy, and tended to show three things-that the fitness of things requires that we should serve God; that we owe it to him because he made us, and we therefore belong to him; and that by working for him, i. e obeying his law, we work for the only end worth working for. It was announced that during the week there would be masses at 6 630, 7 and 8:30 a.m., daily, an instruction being given at the last, and a sermon every evening at 7:30. Father Denny's sermons are not of a controversial character or intended to make converts to the Catholic faith, but are merely to stir up Catholics to a more faithful practice of their religion.

RESIGNED HIS CHARGE.—At the close of the communion service in the Second Pres byterian Church yesterday Rev. Dr. Din-widdie announced his resignation as pastor of that congregation, and called a meeting of the members and pewholders of the church for Wednesday, the 30th inst., after the prayer meeting, in order that the Presbytery could be petitioned to dissolve his connection with the church. Mr. Dinwiddie s.id, to substance, that he had arrived at this determination from a press of calls to daty in other places, where his ministrations had been attended with success, and the an-parent lack of fruits from his labors in this field, as well as numerous discouragements which continually faced him hereabouts. A large crowd was present at both the morning and evening services, on both of which occasions the reverend gentleman delivered interesting and practical discourses.

THE COUPON TEST.—A gentleman who recently attended a fashionable wedding in Warrenton, tells the following remarkable story: He says that an elderly relative of the groom entered the church and took his seat in one of the reserved front pews. The relative was shortly thereafter approached by one of the ushers, who inquired if he had not paid his taxes in coupons. The relative was at a loss to know the connection between the coupon question and the mar-riage about to be celebrated, but without hesitation answered in the affirmative. He was promptly requested to take a seat in the lower part of the church which he as promptly did, and before he recovered from his dazed condition brought about by being so suddenly "bounced," the ceremony was
